- 1. Source learned from the member of a locomotive brigade stationed in Frankfurt/Oder that a to al of 78 brigade personnel assigned to the operational headquarters in Frankfurt/Oder had been sent back to their home stations on 1 March 1952. Personnel of the Berlin railroad district were mainly affected by this mersure, which was explained by a standing order, according to which brigade personnel must not be employed for transit operations to Brest Litovsk for periods longer than one year. All of those affected by the retransfer hal been assigned to locomotive columns for four years. (1)
- 2. Source learned from fficial records of the Second Railroad Subdistrict Office of the Berlin railroad district that all members of locomotive brigades who live in Berlin had been replaced by personnel from the Soviet Zone excluding Berlin (1)
- 3. Starting in mid-Janury, the 25 locomotives of Locomotive Column No 3 were being overhaule at Fankow. In early February, some of these locomotives were returned to Rue mitz and Frankfurt/Oder. By 8 February, a total of 10 locomotives were returned. (2) The locomotive column stationed in Hoyerswerds will all godly be transferred to Frankfurt/Oder. (3)

- 5. On 9 March, 6 type 51 and 12 type 52 locomotives were observed on a siding near Ruednitz north of Bernau. The locomotives were thoroughly overhauled and newly painted. Fur cabooses occupied by locomotive maintenance personnel and railroad police was seen near the locomotives. A spotlight about 50 centimeters in diameter was mounted on the roof of one of the cabooses. (2)
- 6. On 11 March, 12 ty: 52 locomotives with service personnel were observed parked on the siding between Bernau and Ruednitz. The locomotives, which were apparently reday for employment, were being kept cold. On 21 March, the locomotives were observed on the same spot. (2)
- 7. Twenty type 52 loc notives were observed on the siding of the Ducherow
